All our former readers should take advantage of the unprecedented club offer we this year make, which includes with this paper The Iowa Homestead, its Special Farmers' Institute editions, and The Poultry Farmer. These three publications are the best of their class and should be in every farm home. To them we add for local, county and general news our own paper and make the price for the four for one year \$1.35. Never before was so much superior reading matter offered for so small an amount of money. The papers named which we club with our own are well known throughout the west and commend themselves to the reader's favorable attention upon mere mention. The Homestead is the great agricultural and live stock paper of the west. The Poultry Farmer is the most practical poultry paper for the farmer published in the country, and the Special Farmers' Institute editions are the most practical publications for the promotion of good farming ever published. Take advantage of this great offer.

FRIDAY, FEBRUARY 20, 1903.

The protracted meetings at the Methodist church closed Thursday night. There were nine additions to the church.

Rev. J. W. Sapp of Brownville preached an excellent sermon Thursday night, at the Methodist church, on "The Worst Devil in Nemaha."

Judge Day, of Omaha, has made a rule in his court, where a person has been granted a divorce and she or he marry again before the expiration of six months, required by law, that the decree be set aside. If this rule is rigidly enforced in the other courts of this state there will be a number of persons guilty of bigamy before they realize it—Ex.

Senator Young of Tecumseh had an application for a pass from a minister and his wife, and replied by sending them his personal check with which to secure a ticket over the line they wanted to journey. An inquiry has been made whether Senator Young means to treat all of the applicants from Johnson county that way. Johnson county has her eye on Lincoln and watching to see if they cannot catch Senator Young's eye long enough to file an application.—Neb. City News.

Walter Crow, living near Denver, visited his friend and former schoolmate, Elmer E. Allen, Wednesday. Mr. Crow has been visiting his parents Mr. and Mrs. George Crow of London precinct. A family reunion was held Sunday. Wm. Crow, the oldest son, a resident of Oklahoma, Mrs. John W. Ritchey of Brownville, Mrs. John Felton of Auburn, and Mrs. David Kite of Bedford precinct were present. Mr. and Mrs. Crow have been married over half a century. Saturday was the anniversary of their wedding.

Jonah R. Jones was born near Landillo, South Wales, in November of 1826, and died at his home two miles north of Shubert Sunday, February 8, 1903. Mr. Jones came to America in 1853, locating at Pomeroy, Ohio. In 1869 he moved to the farm north of Shubert where his death occurred. He was the father of twelve children, five of whom died in their infancy. Those living are Mrs. W. W. James, Mrs. W. A. Taggart, L. L. Jones, John Jones, M. M. Jones, Mrs. Ed Lambert, Mrs. Morgan Williams, all living in this vicinity except Mrs. Taggart of Olympia, Washington. Mr. Jones had not been strong for some time but was no worse than usual until last Friday. The funeral took place at Prairie Union Tuesday afternoon at two o'clock. Rev. J. D. Newell conducting the services, after which the body was laid to rest by the side of his wife in the adjoining cemetery.—Stella Press.

Nearly Forfeits His Life

A runaway almost ending fatally started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill. For four years it defied all doctors and all remedies. But Bucklen's Arnica Salve had no trouble to cure him. Equally good for burns, skin eruptions and piles. 25c at Keeling's drug store.

The Easy Pill

Dewitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation, and inactive liver, by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved and if their use is continued for a few days there will be no return of the trouble.—W. W. Keeling.

So Sweet and Pleading in Taste

Mrs. C. Peterson, 625 Lake St. Topeka, Kan., speaking of Ballard's Honeybunch Syrup, says: "It has never failed to give entire satisfaction, and of all cough remedies, it is my favorite, and I must confess to my many friends that it will do and has done what it has claimed for it—to speedily cure a cough or a cold; and it is so sweet and pleasing in taste." 25c, 50c, and \$1.00 at Hill's.

"Books are not absolutely dead things, but do contain a potency of life in them to be as active as that soul was whose progeny they are; nay, they do preserve as in a vial the purest efficacy and extraction of that living intellect that bred them.

Harry White was absent Monday.

Altee Peabody is absent on account of sickness.

A good fire is a pleasant thing in the school room.

Mable Kerley started to school Monday in the Primary room.

Mrs. W. S. Maxwell and Mrs. Shively visited school Friday afternoon.

Rev. Foutch visited the High room Tuesday and talked to the pupils for a few minutes.

Next Friday will be examination and the geometry class are reviewing that study during spare time.

Otto Barker has been absent this week. These mornings are a little too cold for him to drive four miles.

The graduating class held a meeting Monday evening after school and elected their officers. They are now trying to select their class colors and a motto.

Last week we reported that Hazel Paris was the only pupil in the Intermediate room, that had not been tardy or absent. This was a mistake, as there are two such pupils, Leiah Gaither being the other one.

A number of excellent recipes are presented in the March Delineator. The younger members of the household, gifted with a sweet tooth, will probably find pleasure in trying the several kinds of meringues, a confection seldom attempted in the home, though it appears from the recipes comparatively simple. The most practical-minded housewife will find some useful suggestions in an article on the uses of the bean, and also in the paper on ragouts. The pages of illustrated cookery, showing a St. Patrick's day luncheon, constitutes a pleasing display.

Mysterious Circumstance.

One was pale and sallow and the other fresh and rosy. Whence the difference? She who is blushing with health uses Dr. King's New Life Pills to maintain it. By gently arousing the lazy organs they compel good digestion and head off constipation. Try them. Only 25c at Keeling's, druggist.

Rev. M. C. Aldredge will preach regularly at the Cumberland Presbyterian church (Mt. Pleasant) every two weeks. Everybody is invited.

WATCH ST. LOUIS

The Greatest World's Fair the world has ever seen will be held at St. Louis in 1904. To keep in touch with the work of preparation for this great World's Fair and to get all the news of the Earth, every reading person should at once subscribe for the great newspaper of St. Louis; the Globe Democrat. It stands pre-eminent and alone among American newspapers. It acknowledges no equal or rival. Its circulation extends to every state and territory of the Union, to Canada and Mexico, and to every part of the World where there are readers of the English language. It ought to be in your home during the coming year.

DEVELOPING BETTER SEED

Every farmer knows, of course, that one of the worst mistakes he can make is to plant poor seed, but every farmer does not know the difference between the very best seed and that which is not so good. Poor seed is a bad investment, because if it makes a difference of only a few bushels to the acre it is a loss of many dollars. Some of the most interesting experiments of recent years has been the work of breeding better seed and improving it, just the same as live stock has been improved by intelligent breeding.

The Twentieth Century Farmer is publishing a most interesting series of articles by Thomas L. Lyon of the Nebraska Agricultural Experiment station on breeding wheat and corn. These and other articles along the same line should be carefully studied by every farmer who uses his brains in making his farming pay.

You can get a free sample copy by sending your name to the Twentieth Century Farmer, 2012 Farnam St., Omaha, Neb., but it would be worth your while to send in \$1 for a whole year's subscriptions, or 25 cents for a three-months' trial subscription.

Traveling Is Dangerous.—Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. H. Hausan, locomotive engineer, Lima, O., writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure. For sale by M. T. Hill.

Cures Sciatic Rheumatism

Mrs. A. E. Simpson, 500 Craig St. Knoxville, Tenn., writes June 10th, 1890: "I have been trying the baths of Hot Springs, Ark., for sciatic rheumatism, but I get more relief from Ballard's Snow Liniment than any medicine or anything I have ever tried. Enclosed find postoffice order for \$1.00. Send me a large bottle by Southern Express." Sold by M. T. Hill.

A Lesson in Health.—Healthy kidneys filter the impurities from the blood, and unless they do this good health is impossible. Foley's Kidney Cure makes sound kidneys and will positively cure all forms of kidney and bladder disease. It strengthens the whole system. For sale by M. T. Hill.

Better Than a Plaster.

A piece of flannel dampened with Chamberlain's Pain Balm and bound on the affected parts, is better than a plaster for a lame back and for pains in the side and chest.
